

Renee Laforet – Chief Information Officer – Government Consumer Services I+IT Cluster

Renee is the Chief Information Officer (A) for the Government Services Integration Cluster (GSIC) supporting five ministries. Prior to her appointment to this role in April 2018, Renee served as Head, Business Services and Planning, GSIC, where she was responsible for information technology (IT) strategy, architecture, finance, procurement and resource management.

Renee has more than 20 years of experience in information and information technology (I&IT) in a variety of sectors. Her career includes 12 years as a solutions director leading complex portfolios of systems and initiatives, as well as experience delivering enterprise-wide information technology strategies, services and standards in collaboration with I&IT and business leaders across the OPS. Prior to joining the OPS, Renee worked in finance for Frito-Lay Canada in Cambridge, Ontario.

Renee is a graduate of the Queen's Executive Program, the Treasury Board Secretariat (TBS) Leadership and Advancement Program at York University and has an Honours B.A. in Economics from the University of Waterloo. Renee is certified as an Information Technology Service Manager from the Examination Institute for Information Science.
